

Pension Case Status Online

S M Shah, Director

Directorate of Pension and Provident Fund, Government of Gujarat

Overview

The Directorate of Pension and Provident Fund deals with the scrutiny and authorisation of pension cases of government employees/officers. Pension case papers are handled by about ten branches and each case has to move to various branches.

On average, this office processes and generates the pension payment orders of about 10,000 government employees every year. These cases are received from more than 5,000 government offices. With a view to help keep government employees informed about the status of their cases once it is submitted in this office, a system has been developed called the *Pension Case Status Online*.

The software application Pension Case Status Online has been developed by the National Informatics Centre, Gandhinagar. This is a unique and probably the first initiative, amongst all the states, in which pensioners can access the status of his or her case from anywhere on the Internet after submitting the papers to this office. This has given a new dimension to the field of MIS generation. It also facilitates search features to provide information individual-wise, department-wise, birth-date-wise, retirement-date-wise, joining-date-wise, death-date-wise, etc. Even information in respect to new pension cases, revision of pension case, etc., can be generated.

As a result of the facility, enquiries in this regard have been reduced and the number of visitors has also been reduced to an extent. It has made the system very transparent, as the status with reference to the process and contact numbers are also mentioned online.

About the Department

The Directorate of Pension and Provident Fund deals with the scrutiny and authorisation of pension cases of government employees/officers.

The government decided to establish the Directorate of Pension and Provident Fund vide the Finance Department's Resolution No. DPP/4887/455(2) P-1 dated 21 August 1987. The directorate became functional with effect from 1 September 1987. The stipulated date (cut-off date) for fixing pen-

sion was decided as 1 April 1988 by this office. The Directorate of Pension and Provident Fund performs its function under the control of the finance department of the state government.

The director of this directorate has been declared as the head of department under the Finance Department vide Finance Department's Resolution No. DPP/1187/521/P-1 dated 24 September 1987.

It is a state-level office and has no subordinate offices at the district or *taluka* level. And considering the nature of functions of this office, it deals with government employees/officers and pensioners as well as government offices, which means it does not have direct interaction with citizens.

Functions

As the function of pension relates to rights, and as it is not under the provisions of the section 10 (1) of the Comptroller and Auditor General (Duties, Powers and Conditions of Service) Act, 1971, the state government, with a view to expedite the disposal of pension cases, decided to take over the dealing of pension from the accountant general with effect from 1 April 1988 through the Finance Department's Government Resolution No. DPP/4887/453(1)P-1, dated 21 August 1987 (Annexure-1). In this way, after getting sanctioned by the competent authority concerned, all types of pension cases of pensionable employees are processed from this office as per rules. This directorate has a total establishment of 240 persons including 14 officers working in 33 branches. Pension case papers are being handled by about 10 branches and each case has to move to various branches – Inward Registry, Pension Reporting Branch, Audit Branch, Computer Branch, Pension Authorisation Branch and the Outward Registry Branch. The functions of each branch had been very clearly laid down.

On average, this office processes and generates the pension payment orders of about 10,000 government employees every year. These cases are received from more than 5,000 government offices. With a view to help keep the government employees informed about the status of their case once it is submitted in this office, a system has been developed called the *Pension Case Status Online*.
